

(RPA)ROBOTIC PROCESS AUTOMATION BASIC CONCEPTS:

- ✓ What is Robotic Process Automation
- ✓ Natural language processing and RPA
- ✓ Automation Anywhere Architecture
- ✓ Features of Automation Anywhere
- ✓ Benefits of Automation Anywhere
- ✓ How Robotic Process Automation works!
- ✓ Current Market Trend of Automation Anywhere
- ✓ Automation Anywhere Clients
- ✓ Why to automate repetitive tasks/process
- ✓ RPA Solution Architecture Patterns – Key Considerations
- ✓ Input Data Handling Solution Pattern
- ✓ How to use AA in Business scenario
- ✓ Automation Anywhere Dashboard
- ✓ Exception Handling
- ✓ Transaction Logging
- ✓ Automation Anywhere Web Control room
- ✓ Credential Management
- ✓ Secure Execution
- ✓ Monitoring and Reporting
- ✓ List of Robotic Process Automation Tools
- ✓ Robotic Process Automation Tool selection Checklist

AUTOMATION ANYWHERE

Module 1:

- ✓ Introduction to Automation Anywhere
- ✓ Understanding the Features and Benefits
- ✓ Verifying Automation Anywhere System Requirements
- ✓ Creating a Task Using the Task Editor
- ✓ Anywhere Monitor
- ✓ Preparing and Installing the Automation Anywhere Client
- ✓ Privacy and Security

Flat No: 506,5th Floor, Nilagiri Block, Aditya Enclave, Ameerpet ,Hyd -500038.

Contact: 040-65444343, +91 9032734343, Email: info@vritsol.com

Module 2:

- ✓ Getting Started with the Automation Anywhere Client
- ✓ Types of Variables
- ✓ Adding Triggers to a Task
- ✓ Deploying Tasks to Run Remotely
- ✓ Recording an Automation Task
- ✓ Recording, Editing and Running Tasks
- ✓ Adding Properties to a Task
- ✓ Using Special Keys
- ✓ Creating an Automation Task
- ✓ Task List Setting Task Properties

Module 3:

- ✓ Viewing and Setting General Properties
- ✓ Setting up Hotkeys for a Task
- ✓ Setting Security Features for a Task
- ✓ Scheduling Tasks to Run
- ✓ Debugging Tasks
- ✓ Using Filters in the Task Editor
- ✓ Different Commands

Module 4:

- ✓ MetaBot and its Usages
- ✓ Work with IQ Bot
- ✓ Working with Task Bot
- ✓ MetaBot and its Usages
- ✓ Overview of MetaBot
- ✓ Recording Web Actions with Web Recorder
- ✓ Extracting Data from Websites
- ✓ Extracting Regular Web Data

Module 5:

- ✓ Extracting Pattern-Based Data
- ✓ Extracting Table Data
- ✓ Standard Recorder
- ✓ Object Recorder
- ✓ Creation of Metabot
- ✓ Understand Designer in MetaBot
- ✓ How to record in MetaBot
- ✓ Logic Editor
- ✓ Import and export MetaBot
- ✓ Recording Record set

Flat No: 506,5th Floor, Nilagiri Block, Aditya Enclave, Ameerpet ,Hyd -500038.

Contact: 040-65444343, +91 9032734343, Email: info@vritsol.com
